4/11/15 Special Edition
Spring Cleanup

Friends and Neighbors in Logtown

Thanks to you all for making our Logtown Spring Clean-up Day a success. It doesn't matter if you made donations to Snowline, recycled some e-waste or scrap metal, or brought junk to the trash dumpsters, you all played a part. Even if you just waved as you drove by, put it on your calendar for next year.

The green waste dumpsters are a big success. Thanks to all of you that helped compact the branches and limbs and thanks for filling out the "time cards" those are needed for our "match". The dumpsters are currently full. Please don't bring any more cuttings until they have been emptied. They will be emptied Wednesday and that will be your last chance. As soon as they are full again they will be gone.

Some special personal thanks are in order:

A big thanks to Bobby for donating dogs, buns, chips and fixings and letting us use his lot.

Thanks to Rod for being the Chef and Marsha for helping direct and sign in.

Thanks to Ken and Nancy for all they do.

Thanks to Ron B. for mowing and spraying Station 44 lot.

John L. was a big help to people unloading and directing.

Tim S. was the trash master and dumpster monitor

Shawn and Robin shared 44 and put up with the extra traffic.

Ed W. for being the Dumpster Daddy

Thanks for our Corporate Sponsors. Next time you go in say thanks!

Snowline for donations, e-waste and recycle.

El Dorado Disposal for donating two of the six green waste dumpsters and the two trash dumpsters.

Bobby's Market

Just a couple of issues this year. People came and dropped off trash after closing and even after the dumpsters were removed. We will work on a fix for next year.

All in all a good day. We had several people sign up for our newsletter and text alert system.

Please mark your calendar for our regular meeting next month 9:00 am at Station 44 on Saturday May 9th. Battalion Chief Brian Macwood from CAL FIRE will be our guest. See you there.

Pat
