- I cut and stacked the material myself
- I hired someone to cut and stack the material
- Defensible Space Crew completed through EDCFSC

How many hours did it take you?: _____

If you hired someone, how much did it cost?: _____

Consent (required):

- * I have completed the requirements on the Chipper Program Page and agree to allow the El Dorado County Fire Safe Council's (EDCFSC) private contractor admittance onto my property in order to access the pile for chipping. I understand that the material will be chipped back onto my property. I understand that the EDCFSC provides this service through contracts with private chipping companies. The contractor has final authority to determine if a pile is suitable for chipping. I understand that if the pile is not prepared per the checklist, it will not be chipped. EDCFSC provides the contractors with a preferred weekly schedule, but final decisions for scheduling of chipping are made by the contractor. In addition, I will comply with the chipping crews' decisions as to where chipped material is deposited because safety is their foremost concern. I will not make any attempt to load brush into the chipping machine. I understand that all work will be halted if this attempt is made. I understand that EDCFSC is not obligated to perform this service and that EDCFSC is not liable for its failure to perform this service or for the negligent performance of this service.
