Logtown Spring Clean-up a Big Success
Logtown 4-13-2013

Saturday’s main event started slowly at about 8:00 A.M. with trash dumpsters and the Hospice truck ready to go in the parking lot at Bobby’s Country Market. Volunteers from the California Conservation Core arrived shortly thereafter to assist with loading and unloading and to perform some vegetation removal in the immediate vicinity. In all 45 community members participated in the event and 12 new email addresses were added to our mailing list. At the end of the day the Hospice truck and two trash dumpsters were full.

The CCC crew also improved the defensible space at the residence of a senior across the street and removed some hazardous vegetation near Bobby’s Market and along Quartz.

Green Waste Dumpsters have been available at two locations, Station 44 and Dolomite Drive, since April 1st. They will be removed this coming week after being emptied several times.

Twelve residents signed up for the “Chipping Day” on the 18th this year which actually took two days.

We want to thank all of you who participated and a special thanks to the CCC guys. Remember to turn in your timesheets. Your hours count towards our “Firewise” membership and can also be used for grant matches.
